

# Meet Lucy...

Lucy is an 8yo Golden Retriever with Hip Dysplasia and Arthritis in her elbows. She started coming to K9 LOL to help strengthen her back end and shoulders. She enjoys her massage and ROM stretching which helps increase flexibility and circulation. The swimming also allows for a different kind of mental stimulation along with physical exercise plus it's alot of fun! She loves retrieving the camo kong stick and giving it to her mom!

November 2018
